WORK EXPERIENCE

01/03/2022 – continues **Gobito Digital Solutions - İtern**

I am currently developing a project with React JS and Node JS

03/05/2021 – 07/01/2022 **Busula Lojistik Bilişim İnovasyon – İtern**

We have developed a project focused on psychological testing. We used MS SQL database in the project developed using .NET structure. You can access part of the project here github.com/Busulaa/scl90, P.A new JS-based project had been started. It is currently under Development. I contributed to both projects as a full stack.
